

About us

Chiswick House & Gardens is a hidden gem in the heart of West London, 65 acres of glorious landscaped gardens where your wedding will be truly unique and memorable.

Whether you dream of a stylishly simple occasion or an elaborate party with every trimming, we have multiple venues that can be tailored and matched specifically to plan your day to perfection.

Chiswick House & Gardens Trust

Chiswick House & Gardens Trust cares for a thriving 350-year-old haven in West London, open for everyone every day. Teeming with nature, stories, and activities, these spectacular Grade I listed gardens are completely free to roam, thanks to our generous community of supporters. As a charity we are 75 per cent visitor and supporter funded, so we wouldn't exist without the people that love us.

As the first ever English landscape garden, nurtured alongside the 18th century Palladian villa, Chiswick House & Gardens has a special place in garden design and architectural history. Memories have been made here since, the mid-1700s, rooted deeply amongst the trees, architecture, lake, and historic walls.

Our vision: to be for everyone, every day.
And we continue to embed this at the heart of our strategy.

“Many, *many* thanks for the efficient way you organised our wedding at the *beautiful* Chiswick House. We were very impressed with the *professional way* you set the whole thing in motion and carried it out. Everything was *so well organised*. A nice final touch was the golf cart taking us back to the car. So *a big thank you* to you and all the Chiswick House staff.” **Bella & Gaurav**

A bride and groom are walking on a gravel path in front of Chiswick House. The groom is wearing a white suit and holding a black leash attached to a beagle dog. The bride is wearing a white wedding dress and holding a bouquet of flowers. The background features a large, classical-style building with a dome and several tall, thin cypress trees. The sky is overcast.

“The team were *incredible*, helping us create the perfect day in the stunning grounds of Chiswick house. From adding all the little details to our ceremony space to being *flexible* with timings when the bride was running late! The team were *incredibly accommodating* guiding us through the entire process in a way that made it fun! We could not have asked for a *better team or venue* - the pictures are to die for and the memories are even better!”

“Everything for our *big day* ran so smoothly with thanks to the Chiswick House Events team. From providing *help and guidance* on a huge range of preparatory details at the very start of our wedding planning, maintaining a *sense of calm* and reassurance right through to the day itself, we couldn’t recommend the team more highly. They were a real pleasure to work with and truly *went above and beyond* our expectations with their assistance.”

“All the staff behind the scenes made everything so *incredibly easy* for us from the very first moment we started looking at the venue. Everyone responded to us so quickly and bent over backwards to make our requests *come alive*. On the day itself they made everything run so *seamlessly* and the venue was set up *absolutely beautifully* – as a control freak it’s pretty special (and unusual) to say that I *genuinely* felt able to completely let go with Chiswick Park House and Gardens team and hand over the reins! Couldn’t recommend everybody *highly* enough.”

The planet *matters*

CREATE

The Green Flag Award Scheme has recognised Chiswick House as an ‘exceptional park, run by a dedicated and enthusiastic team of staff and volunteers who clearly love their workplace’.

Earlier this year the Chiswick team made the decision to make this walled 17th-century growing space free for everyone to enter, allowing visitors to see for themselves how fruits, grains, herbs and vegetables, as well as cut flowers, are grown there in an organic, environmentally friendly way.

When catering at Chiswick, Create have access to seasonal fresh produce from the kitchen garden which supports their stance on sustainable sourcing and allows them to make the perfect finishing touches to their delicious dishes.

Create aims to operate across all departments with a consistent vision that focuses on delivering events that are economically, socially and environmentally sustainable. They believe it is the responsibility of all their people to deliver the change needed to achieve their goal. ‘To halt climate change, to protect nature and deliver high social value by 2040’.

This makes Create and Chiswick House & Gardens a *match made in heaven...*
